

Respondent ID	Q.3_TEXT	Q.6_TEXT
17	They look alot like a duplicate	
19	Both are named USA Flag or USA football	
21	Because they have the same name USA in it	
22	By the way the page is displayed	
35		The logo is the reason on why I think they could be corresponded to the same company or organization
41	I really like how well informed this information is	
43	they look very similar	
44		The name honestly is very similar and close but I could be wrong
56		Usa in the name
59		They both are sponsors of the United States of
75	ldk	
78	They look similar and both have USA in name	
82		Shows proper information on the USA football website
87	The names and logos are similar in text and color scheme	
93	Namw	
100	The start of the web page names they are really similar	
104		They look similar
113		Cuz they all look like they're with the symbols look like they're from the NFL FLAG football society
116	USA Flag and USA Football are really close names so I would think, without looking, that they are related in some sort of way.	
117	They both are usa.	
119	Because their both owned by the same domain	
130	Because	
133	They are both named very similar. They both use the USA football type of name.	
145	They both say USA flag football so it makes me believe its the same company	
151	Has the word USA Stands out like a sword thumb they don't call it the United States for nothing	
153	They have been in the same place	

157	Both are from the same organization	
159	It because it contains the name "USA" and they're both football related.	
161	they are both designed similarly and focused on the same topic . also the layout of the site is the same basic usa flag colors . also both sites have the word usa	
163	They both have usa in the title and similar tjemes	
164		They are both USA one is just flag and one is regular football and the pages kind of look similar
172	I do not see much of a difference between USA football and USA flag football to be honest!	
177		They have the same theme page and pretty much the way the page is set up are very similar.
178	They have the same kind of logo	
187		They look like they have the same website setup
190	They are both USA flag affiliates just different branding	
196	They both are pretty much advertising the same thing, US flag football.	
200		both have usa in the name
211		What makes me think that is the interface of the website
214		they are both united states flag football organizations
215		I think in the website link I saw USA so probably the organization is connected somehow
221	Similar color scheme and name	
228	they seem to me to be a similar organization both are USA flag football	
232	The names of them	
233		Their national flag football leagues
239	USA football name	
240	One is .com other is .org both look similar	
242		Logos and styles
245	I say this because these all seem to be ran by the national Football League	
249	Their websites were very similar as were their claims. It seemed like that, anyway. This was just a guess.	

272	USA football	
273	They seem very similar in design	
284	USA flag tournament	
286		The two of them are promoting the same event basically and that tells me that they are affiliated in some way since football in general would be the common denominator.
307	They all state American in the names	
314	They have a lot of the same set ups & events in the there flag football tournaments &. games. There websites are set up very closely as well.	
319	both start with USA and have the same colors along with design function buttons	
321		They both say usa
324	The companies and the webpages are so similar they must be.	
329	They have the same website name like usa	
338	USA flag and USA football I thought might have some relation to one another	
340		I think because they all share the same values/perspective I will see much of a difference but maybe by different causes
347	They both have USA in the name	
352		It's all the same football stuff
360	That's simply because it is what I think about it	
363	The both are about USA football and USA	
366		They are well known
367		the graphics seem similar and the "usaflag" and "usafootball" both have the "usa" name in them
368	both are USA flag and football	
375	It's both "USA football"	
381	It tells information good	
392	You can see that they're both on the same web page under the same company's name	
394	Usaflag	
395	Both has usa in it	

402	They style of the pages are very similar	
404	I have seen them advertised together.	
405	Both flag football	
406	Great company	
414	The page layout	
418	Great service	
420	Yes because the results say that this is what it is so that has to be it	
427	They both are USA flag football	
431	Well one league is for men and women . The other is for children 6 and up.	
437	The both say usa	
442	Both companies say USA football on them	
444	Because In The Text It Clearly Has The Same Everything Thats The Only Thing That Makes Me Think That	
447	I think that those two are operated by the same company because it contains 'USA'.	
452	They good	
453	the page seems similar and the overall design	
458	They both say USA	
463	It says USA Football on the top in the search bar.	
469	They both mention USA football	
472	They both say USA	
474	They have similar names	
476	Both are "USA" flag football organizations.	
488	What makes me think those two pages that I clicked on were the ones affiliated is because they both say USA football and USA flag football	
495	there is "usa" in the names which gives me the clue that they are owned by the same complany/organization	
506	The way the American flag is colored.	
513	both have usa and similar web design	
514	Because there good companies	
518	Because they both deal with football and are USA related	
520	Nothing	

531	They seem to have the same style as one another and logos are similar.	
532	They have similar names and background colors	
538	They both are USA named	
539	USA	
542	The brand names are similar	
543	There's obvious similarity between the two items being compared.	
548	They have the same design and layout
